tylerjaymartin.com.*

2010 - present *Freelance*

- For various agencies, have made iOS apps and done web development for large national brands.
- Have done direct client work for smaller companies.

2007 - 2010 *StruckAxiom (fka Struck)*

- Served as lead developer for several iPhone applications, one of which received over 2 million unique installs.
- Often led small development teams in an interactive marketing environment competing on the national level.
- Programmed and directed every aspect of both the front-end interface and server-side code of many full, cutting edge web experiences.
- Configured, staged and deployed high traffic web applications in both custom and bare-bones server environments.
- In the absence of the interactive or technical director, served as acting technical lead.
- As an all around creative, animated, designed and performed any miscellaneous task required in an active creative environment.

2005 - 2007 *Pure Fruit Technologies*

- As the sole dedicated web employee, performed all aspects of maintaining and upgrading company's web presence.
- Completed the odd print design job for mailers, postcards, etc.

2000 - 2005 *Various Companies*

- For both internal web-team and client-based companies, performed duties as a developer/designer—everything from server maintenance to billboard design, mostly web programming with some web design.

professional skills

Have delivered professional mobile and web applications utilizing Objective-C, ActionScript 3, Python, Django, HTML+CSS, JavaScript and others.

From years of experience in a nationally-competing creative agency and traditional training in drawing, sculpting and painting, can operate as a highly flexible general purpose creative professional.

Familiar with server management and various network protocols.

education

2004 *Brigham Young University*
Graduated with Bachelor of Arts, majoring in Visual Arts

points of interest

Though I also love film, music and art, video games have been a life-long passion. I also speak Korean and have a cat named Harvey.
